Greetings!

A Call to Action!
AT LAST: You can participate in forming the 20-Year Plan for the built environment for Louisville

by Cathy Hinko

What is your interest? Is it fair and affordable housing, energy efficiency, transit/transportation, job centers, zoning, density, clean air, health outcomes from the built environment, trees or the heat island? Name it and it has a role in the Comprehensive Plan, the name used for the 20-year planning document.

What is the Comprehensive Plan? The state requires that municipalities such as Louisville have a plan that lays out the goals for future growth. In particular, K.R.S. 100 requires a Comprehensive Plan to include a Statement of Goals and Objectives and at least three Plan Elements: A Land Use Plan Element (zoning), a Transportation Element (including transit), and a Community Facilities Plan Element.

The current Comprehensive Plan, Cornerstone 2020, under which the last 17 years of development has occurred, deliberately rejected the goals of fair housing, affordable housing, and/or sustainability. These were all goals promoted by advocates but rejected by governing powers. With the expiration of Cornerstone 2020, we have a chance to set new goals that bring Louisville forward, but this will only happen with your participation.

DO NOT LET THE GOAL OF FAIR HOUSING, MHC needs YOU!

Your membership advances safe, fair, and affordable housing for our community!

AFFORDABLE HOUSING, OR SUSTAINABLE GROWTH BE IGNORED IN THE NEW PLAN.

Metro government announced the launch of public participation. Please look at the following articles for online information regarding the Comprehensive Plan, joining a work group, and other ways to get involved.

MHC will work with Metro government to ensure you get ample opportunities. But you need to participate through personal engagement and by engaging your groups.

What it all boils down to is YOUR VISION of what Louisville should look like in 20 years. Do you want less segregation by race and/or economics? Do you want sustainable and energy efficient development and rehabilitation of our built environment? Do you want better air, water, and drainage? Do you want improved transit? Do you think new job centers should be planned to include nearby housing? Do you believe that anyone who works full time should be able to afford a modest place to live without being cost burdened? Do you want trees and art amenities near your neighborhood and other neighborhoods? Do you want different types of housing to choose from?

These are questions that will get answered in the Comprehensive Plan. Be a part of forming those answers.
