Concerns about proposed HUD-Louisville Housing Authority study and How YOU can get involved

The US Department of Housing and Urban Development (HUD) is conducting a rent reform demonstration program, designed to test and evaluate an alternative rent policy. Some cities have refused to be part of this, but the Louisville Metro Housing Authority (LMHA) has agreed to participate in the study, and as such, will modify policies and rent calculations for a group of program participants (the Rent Reform Group), and will compare the results to a group of program participants who are assisted under the rent policies used for all other PHA assisted households (the Control Group).

MHC and others have raised opposition to the proposed plan. In its current form, the "rent reform" experiment will be conducted on low-income residents without their consent and without a way to opt out of participating. A disproportionate number of the residents affected will be African-American mothers. Please attend the public hearing to discuss and challenge the experiment described above.

You can get a copy of the proposal by E-mailing slaster@lmha1.org or calling 569-4471. Comments on the study will be accepted through July 13 and can be submitted to the same contacts.

There will be a public hearing about the study on Thursday, June 26 at 6:00 p.m. at Avenue Plaza apartments, 420 S. 8th Street.

The public is also encouraged to attend the July 15 LMHA board meeting to share their input on the study. The July 15 meeting will be held LMHA headquarters, 420 S. 8th Street, at 3:30 p.m.

MHC NEEDS TO HEAR FROM YOU!

On the next page you’ll find two short forms to fill out and return to MHC.

The first is a commitment to fair housing and urges Louisville Mayor Greg Fischer to enact the 20-year plan for fair housing Louisville Metro released earlier this year.

The second half of the page is a brief survey about our newsletter to get your feedback, since we'll be changing things up for next year.

Here’s a bit more information on the commitment to fair housing:

What is the 20-Year Action Plan for Fair Housing? The Louisville Metro Human Relations Commission, released Making Louisville Home for Us All, a history of housing segregation in Louisville, prepared by the Anne Braden Institute at the University of Louisville, and a 20-Year action plan for fair housing, prepared by MHC, which addresses our hidden legacy and provides measurable, achievable steps to lessen segregation in just one generation.

What is being asked? Support Louisville Metro as it implements the 20-Year Plan for Fair Housing. Sign on to the plan’s principles and the plan’s first action steps.

I support Louisville Metro’s 20-Year Action Plan for Fair Housing
I support the principles and seek immediate action from Metro government on steps 1.1 and 1.2 in the plan.

Principles:
1) Fair Housing is a high priority.
2) All people should be housed in safe, decent, affordable housing.
3) Diversity of housing type and cost throughout our community will have a positive impact on education, access to jobs and economic opportunities for all and will help make Louisville a city that thrives over the coming century.

Immediate actions needed:
1) Louisville Metro should have a clear policy that states that fair housing must be considered as part of planning and action for all Metro departments. Fair housing will be included in planning and action through use of a Fair Housing Assessment tool, to be developed and coordinated by a designated Metro agency.
2) A Louisville Metro agency or department MUST be designated with the authority and responsibility to lead and oversee implementation of the action steps included in the 20-Year Plan for Fair Housing.
